Location: Outdoors

Number of Players: 10+

Age: All

Players stand in a circle formation. Everyone count off, remembering your own number and the person next to you. The gamemaster calls a number in the circle. The person with the number will attempt to get to the center and the two people next to him/her will try to hold them back. If this person makes it to the center, the two people next to him/her must go to the center and hand-carry him/her back to the circle.
